

Department of Nanomaterials and Ceramic Engineering (NCE)
Bangladesh University of Engineering and Technology (BUET)

Technical Talk

A JOURNEY FROM MME TO INTEL

Wednesday, December 20, 2023

2:30 pm – 3:30 pm

Venue: NCE classroom, Room No. 209, OAB

Target Audience: Undergraduate and Postgraduate students

Speaker

Dr. Md Mahbubul Hasan

Packaging Pathfinding Engineer, Intel Corporation, Hillsboro, Oregon, USA.

Former Assistant Professor, MME, BUET, Dhaka

Short CV:

Dr. Hasan is currently working as a Pathfinding Engineer in wafer level assembly and packaging area at Intel's Hillsboro R&D site. After graduating from MME in January 2008, he joined the department as a Lecturer and was later promoted to Assistant Professor in May 2011. He finished his PhD from the University of California, Davis in 2016 before joining Intel Corporation. Besides Materials Science, he has interest in Bengali Literature, Cricket, Football, and Music. He loves to spend time with his five and half years old daughter, Adrita Noboni.
